

Corpus screening and research-question coverage

Paper-level disposition: 90 screened papers

Not relevant: 5

Research-question-level coverage - not paper-level disposition

research-question-level missing coverage; not paper-level disposition

single-rater and title-level; corpus-scoped rather than field-scoped

Derived from Tables 12 and 13. Screening was single-rater and title-level; findings are corpus-scoped rather than field-scoped.
